e700w

Indoor Kiosk Serie

INTERACTIVE KIOSK

Robust digital kiosk

eos ibérica
Customizable / **Indoor**

FREE REIN FOR IDEAS. Thanks to laser cutting, the design of the e700w can be fully adapted to the customer's corporate image and communication needs.

This model is equipped with a 19" display with or without touch interface, which can be combined with a keyboard or POS module if a payment system needs to be integrated.

The e700w can integrate a wide variety of peripherals without compromising its aesthetics: keyboard, ticket printer, pinpad, digital signature, game or webcam.

It can be customised in any colour from the RAL range and/or with cut vinyl, digital image and fretwork to adapt it to the customer's corporate image.
