

UNATTENDED COLLECTIONS AND PAYMENTS with double screen. One of the screens can be enabled for use by people with reduced mobility or as a screen for advertising messages.

The eCajero Dual is an interactive terminal that complies with the different ergonomic and protection regulations in order to be used for any public or private service.

The ATM can be anchored from the inside or, if desired, it can be embedded in a frame on the exterior façade of the establishment, so that it can be used 24 hours a day, even with cash handling, always ensuring that the cash is guarded inside the premises.

PROFILE PRODUCT

- Manufacturer:** Grupo EOS Ibérica
- Origin:** Manufactured and assembled in Spain.
- Production:**
 - > 4 weeks (estimated time).
- Material:**
 - > 2mm carbon steel sheet.
- Flanges/internal fixings:**
 - > Galvanised and/or PVC.
- Finish:**
 - > High resistance epoxy paint.
- Watertightness and sealing**
 - > IP65 (optional).
- Dimensions:**
 - > 1720 x 990 x 514 mm.
- Structural weight:**
 - > 90 Kg.
- Use:**
 - > Indoor.
 - > Outdoor.

STANDARD SPECIFICATIONS

- Display:**
 - > Industrial LCD 24/7.
- Screen resolution:**
 - > 2 x 17", 16:9 (portrait).
