eCash Compact

TPV Series

STAND-ALONE PAYMENT TERMINALS

Automated electronic payment POS for desktop

eos ibérica

Customizable / **Indoor**

AUTOMATED DESKTOP PAYMENT, to reliably optimise cash or card payments.

The best option for customers to gain in convenience and for the company in management time with total security. Without contact between staff and cash or cards during the collection process, it avoids losses, mismatches, change errors or the entry of counterfeit bills. In addition, the operation of the eCash Compact, which carries out the entire process until the corresponding ticket is issued, can be centralised and operated from any remote point.

Customisable in any RAL colour and/or with cut vinyl, digital image and perforation to adapt it to the client's corporate image.
