eCharging	RECHARGING TROLLEY	eos ibérica
Embedded Serie	Smart charging trolley for tablets and laptops	Customizable / **Indoor**

STORES, STORES AND RECHARGES. The smart charging cabinet is designed to hold 24 tablets or Chromebook laptops. While they are stored under lock and key, they are being recharged efficiently while taking up minimal space and with a single power socket.

The trolley has four wheels which allows it to be transported quite easily, allowing it to be used in several classrooms. It also has 2 doors, one at the front which gives access to load and store up to 24 iPads/Tablet or Laptops.

Available in any colour from the RAL range and can be adapted to the customer's brand image with vinyl or digital image. Standard colours are black for the body, white for the doors and blue for the load trays.
