

**AUTONOMOUS PAYMENT, no waiting in queues.**  
Pay autonomously with cash or card.

The eCheck Out consists of a 19" screen, a scanner, card and cash payment device. A counter with an RFID cubicle can be incorporated, which detects and counts the products placed on top, the customer can directly see the items and how much they cost.

The customer can also scan the products manually, and then pay by credit card, debit card or cash. These checkouts are not only practical and easy to use. They are the best option for customers to gain in convenience and for the company to gain in management time.

Customisable in any RAL colour and/or with cut vinyl, digital image and frework to adapt it to the customer's corporate image.

PRODUCT PROFILE

- Manufacturer:** Grupo EOS Ibérica.
- Origin:** Manufactured and assembled in Spain.
- Production:**
  - > 4 weeks (estimated time).
- Material:**
  - > 1.5/ 3 mm carbon steel sheet.
- Flanges/Inner fastenings:**
  - > Galvanised sheet metal.
- Finish:**
  - > High resistance epoxy paint.
- Watertightness and sealing:**
  - > IP42.
- Dimensions:**
  - > 1600x805x752 mm.
  - > 1600x805x752 mm.
- Structure weight:**
  - > 80 kg approx.
- Use:**
  - > Indoor.

STANDARD SPECIFICATIONS

- Display:**
  - > 24/7 Industrial LCD.
  - > 19 (vertical).
