eCiudadano Dual

Self Kiosk Series

SELF-SERVICE KIOSK

Self-payment terminal with double screen

eos ibérica

Customizable / **Indoor - Outdoor**

MANAGEMENT AND UNATTENDED PAYMENTS with double screen. One of the screens can be enabled for use by people with reduced mobility or as a screen to launch advertising messages.

The main feature of the eCiudadano dual is the front opening. Thus facilitating the replacement and maintenance of peripherals.

The ATM can be anchored from the inside or, if desired, embedded with a frame on the exterior façade of the establishment, so that it allows transactions to be carried out 24 hours a day even with cash handling, ensuring that it is kept safe within the premises.

PRODUCT PROFILE

Manufacturer: Grupo EOS Ibérica
Origin: Manufactured and assembled in Spain.
Production:
> 4 weeks (estimated time).
Material:
> 2mm AP2 sheet metal.
Interior flanges/fasteners:
> Galvanized and/or PVC.
Finish:
> High-resistance epoxy paint.
Watertightness and sealing
> IP65 (optional).
IK protection grade:
>IK9.
Dimensions:
> 1810 x 1130 x 480 mm.
Structure weight:
> 250 Kg.
Use:
> Indoor.
> Outdoor.
