

Embedded Serie

Interactive wall terminal

Customizable / Indoor

TECHNOLOGY ON THE WALL. The eMural allows information to be organised and displayed in an attractive and orderly way, like a notice board, as well as user interaction via touch screen or keyboard...

In the hall, at reception or at the entrance control. To identify oneself, register, read and answer communications... And without taking up space or design: with a depth of only 11 centimetres, the eMural adapts to any wall, displaying content with which the user can interact comfortably.

EOS Ibérica helps the customer to configure this kiosk by selecting the most suitable components: ID readers, ticket printers, keypad, digital signature, coin acceptor or webcams... In addition, the eMural can be customised in any colour of the RAL range and/or with cut vinyls, digital image and fretwork to adapt it to the customer's corporate image. The EOS marketing department will elaborate several aesthetic proposals for this durable and functional tool.

PROFILE PRODUCT

Manufacturer: Grupo EOS Ibérica.
Origin: Manufactured and assembled in Spain.

Production:
 > 4 weeks (estimated time).

Material:
 > 1.5 / 5 mm carbon steel sheet.

Flanges/Interior fastenings:
 > Galvanised sheet metal.

Finish:
 > High resistance epoxy paint.

Watertightness and sealing:
 > IP65 (optional).

Dimensions:
 800x550x110 mm.

Structure weight:
 20Kg.

Use:
 > Indoor.

STANDARD SPECIFICATIONS

Display:
 > Industrial LCD 24/7.

Screen resolution:
 > 19", 16:9 (wide / horizontal).

Number of screens:
 > 1.

Video output:
 > HDMI, DVI, SVGA.

Screen protection:
 > Antivandalic glass 3+3 mm.

Accesses:
 > 1 Door with security lock.

Connections:
 > Internal terminal strip with I/O switch.

Structure colour ● Textured or plain.

Front colour ○ RAL 9003/9007 plain.

OPTIONAL COMPONENTS

Touch screen:
 > IR 3mm or Capacitive 6mm technology.

Fanless Industrial PC:
 > Atom /Celeron, i3, i5, i7.

Operating System:
 > Android, Windows or Linux.

External connections:
 > RJ45/IEC/ I/O switch /Wifi antenna.

Electrical panel:
 > Terminal, circuit breaker and differential.
 > Power supplies 5/12/24v.

Uninterruptible Power Supply System:
 > UPS 6 sockets/15 min.

Personalisation/Customisation:
 > Cut vinyl/digital image.
 > Airbrushing or multicolour graffiti.
 > Industrial Painting in various **RAL Colours**.

OPTIONAL ADAPTATIONS

Screen resolution:
 > 12.1", 2x12.1", 2x19", 22".

Screen layout:
 > Horizontal or vertical (please consult).

Ticketing:
 > 60mm or 80mm ticket printer.

Readers:
 > Barcode / QR.
 > DNle.
 > RFID / NFC.
 > Fingerprint reader.

Keyboard + Trackball Module:
 > Vandal-proof IP65 Extended Keyboard.

Ingenico, Verifone or Hipercom POS module:
 > Card reader + PinPad + Contactless.

Customised front with fretwork:
 > With or without led backlighting.
