

Elevation

Industrial touch panel PC Fanless with Android operating system with ARM Cortex or Rockchip processors.

Rugged, multitouch and fanless capacitive touch monitor in black aluminum chassis, with passive cooling system without the use of fans and protected against water, IP65 protection on its front. It can be paneled or fixed with VESA compatible 75x75 or 100x100 supports.

- Processor Options: Cortex A64 2/8gb Android 7. Rockchip 3399-A 4/32gb Android 13. Option: CX-3588-G 8/64gb Android 14 (consult).

Common specifications for each panel pc:
 12V 5A power supply / Working temperature: -10°--55° / Relative humidity: 20-80 / Speakers 8Ω 4W X2 / Wifi 802.11a/b/g/n.
 Viewing angle: Horizontal -75~80 Vertical -80~60. **Android 13 option:** available with rockchip RK3288 and RK3399 PCB.

MOUNTING OPTIONS

VESA. 100x100mm
75x75mm

PANEL MOUNT

PANELABLE MOUNTING SYSTEM

PRODUCT VALUES

- > Very competitive price.
- > Resistant to environments with dust, grease, vibrations.
- > Custom configurable: 485 COM ports / Double LAN / 4G connectivity (Consult).
- > Low power consumption.

MOST COMMON APPLICATIONS

- > HMI control panels
- > Integration into electrical panels
- > Industrial control systems (ICS)
- > Distributed control systems / SCADA
- > Data acquisition systems (DAQs)
- > Factory assembly lines
- > Assembly in transport vehicles
- > Outdoor advertising and Digital Signage
- > Outdoor interactive kiosks

SOME SUCCESS STORIES

- > Meat industry
- > Factory assembly
- > Solutions for agricultural engineering

APPLICATION SECTORS

- > Agricultural engineering
- > Meat industry
- > Automation
- > Automotive
- > Renewable energy
- > Distribution
- > Naval sector
- > Pharmaceutical industry
- > Transport and logistics
- > Transmission applications
