

CONTROL ACCESS AND AUTOMATED COLLECTION. Quality and efficiency for vehicle pass & entry services with ePista.

This POS terminal is conceived to carry out the collection at toll roads or car parks 24 hours a day with any payment method -cash with bill and/or coins processing, card or mobile/NFC- and issue the relevant tickets. There is no need to have personnel in place to manage the process and the terminal can also be centralized and remotely controlled.

With a double height design, it can service users driving any vehicle (cars, vans, pickups, trucks...), allowing the client to easily interact with the terminal from inside the vehicle.

ePista can be customized to specific corporate standards with any color of the RAL palette and/or cut vinyl, digital image and laser cut.

PRODUCT PROFILE

Manufacturer: Grupo EOS Ibérica.
Origin: Made and assembled in Spain.

- Production:**
> 4 weeks (estimated time).
- Material:**
> Steel sheet AP2, 1,5/ 3 mm.
- Internal clamping elements:**
> Galvanized sheet.
- Finish:**
> High resistance epoxy coating.
- Tightness and sealing:**
> IP65 (optional).
- Dimensions:**
> 1420x490x590mm.
- Structure weight:**
> 60 kg.
- Use:**
> Indoor.
> Outdoor.

STANDARD SPECIFICATIONS

- Screen:**
> Industrial LCD 24/7.
> 12"1", 4:3 (landscape).
- Coins validator and recycler:**
> Smart Coin System (Innovative Technology).
- Bills validator and recycler:**
> Smart Payout (Innovative Technology).
- Electronic Payment Module:**
> Card reader, PinPad, Contactless.
> QR reader, removable 80 mm printer.
- Access:**
> Double back door.
> Safety lock with 3 points.
> Front hopper to insert coins.
> Great capacity coins box with safety lock.
> Anchors to embed it at the floor.

Structure color:
> RAL: XXXX/ 9003/ 9007 flat. ● ○ ●

OPTIONAL COMPONENTS

- PC Industrial Fanless:**
> Atom /Celeron/ i3/ i5/ i7.
- Operating System:**
> Android, Windows o Linux.
- External connections:**
> WiFi antenna.
- Electrical box:**
> Clamp, circuit breaker and differential.
> 5/12/24v power supplies.
- Clamping system:**
> Anchor bolts to fix on the floor or counter.
- Brackets:**
> 4 levelling legs..
- Personalization/Customization:**
> Cut vinyl/digital image.
> Airbrushing or multicolour graffiti.
> Industrial painting in various **RAL Colours**.

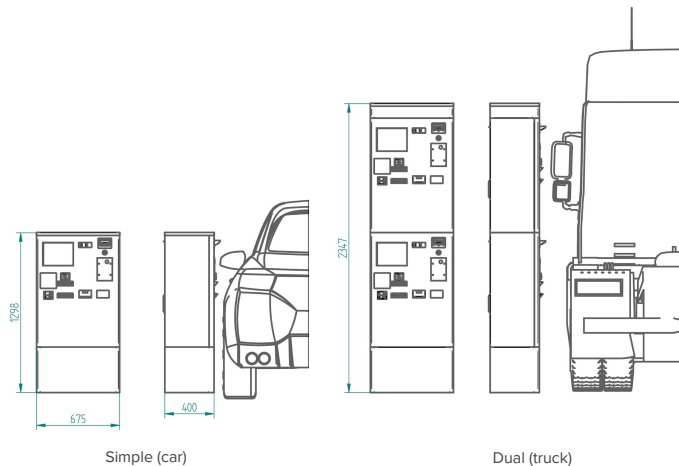

OPTIONAL ADAPTATION

- Brightness:**
> High luminosity panels.
- Double height:**
> Overlaid unit to service high vehicles.
- Stand-alone usage:**
> Additional base for standing use.
- Cooling system:**
> Forced ventilation.
- Lighting:**
> Internal or external. For maintenance use, corporate or decorative personalization.

PRODUCT VALUES

- > Compact.
- > Vandal-proof security protection.
- > Easy and comfortable use.
- > Fast business transactions.
- > Great area for frontal customization with colors, digital image and vinyls.
