ePrinter

Indoor Kiosk Serie

INTERACTIVE KIOSK

Large-capacity terminal to accommodate A4 scanner or printer

eos ibérica

Customisable / Indoor

DON'T LEAVE ANY DEVICE BEHIND. Thanks to the large cavity of this kiosk, it allows the integration of scanner or A4 printer with 2 trays of up to 500 sheets each.

This model is equipped with a 22" display with or without touch interface, which can be combined with a cash payment module, an extended keyboard or, if required, more specific peripherals can be integrated.

The ePrinter has a front access door (bilateral option) and security lock, a second front door for maintenance of the display and top of the terminal and 2 telescopic slides for removal and maintenance of the printer.

PRODUCT PROFILE

Manufacturer: Grupo EOS Ibérica
Origin: Manufactured and assembled in Spain

Production:
>4 Weeks (Estimated time)
Material:
>1.5 / 5mm carbon steel sheet.
Inner flanges:
>Galvanised sheet metal
Finish:
>High resistance epoxy paint.
Watertightness and sealing:
>IP53 (Optional)
Dimensions:
>1718x600x439mm

Structural weight:
>70Kg

STANDARD SPECIFICATIONS

Screen format:
> 22" 16:9 (horizontal)
Number of screens:
> 1
