

STORE AND COLLECT YOUR THINGS, WHENEVER YOU WANT AND IN TOTAL SECURITY.

Intelligent lockers with state-of-the-art technology. Designed for different uses such as luggage locker reception, delivery and reception points for shipments, storage of personal belongings or key collection. The layout of the drawers is completely customised. We adapt the size to the available surface area. Several single or double lockers can be linked to a central locker that will include the touch screen.

The eXpress Locker is equipped with an electronic IP lock. This avoids delivery errors and reduces queues when picking up orders. The lockers have 2 registers and a single security key, facilitating maintenance or a possible failure in the system.

PRODUCT PROFILE

Manufacturer: Grupo EOS Ibérica
Origin: Manufactured and assembled in Spain.

Production:
 > 5 weeks (estimated time).
Material:
 > 1.5 / 5 mm carbon steel sheet.
Flanges/Inner fastenings:
 > Galvanised sheet metal.
Finish:
 > High resistance epoxy paint.
Watertightness and sealing:
 > IP50

Dimensions:
 1990x1000x600 mm.
Structural weight:
 150 Kg.
Use:
 > Indoor.

STANDARD SPECIFICATIONS

Display:
 > Industrial LCD 24/7.
