

SELF IN - Series

19" terminal for cash dispensing and user identification

Indoor Kiosk

FOREIGN EXCHANGE ANYWHERE.

Performs operations that require payment and collection transactions by card or cash, with coins or banknotes, including printing, scanning or document collection functions.

Designed for airports and currency exchange areas. Compact terminal that allows the integration of different types of peripherals without losing usability and ergonomics.

The cash dispenser can incorporate a banknote dispenser with different denominations. Possibility of returning different types of banknotes individually or in sets (€10, €20, €50, etc.). Accessible to the user 24 hours a day. It has a front door to facilitate cash reloading or maintenance of peripherals.

PROFILE PRODUCT
