

SELF IN Series

Digital payment terminal and remote-assisted ordering ticketing

Indoor Kiosk

YOUR PURCHASE IN ONE CLICK. The eOrder allows the integration of different peripherals such as; receipt printer, cards, intercom and electronic payment.

Thanks to its ergonomic design, it can incorporate a keyboard and a 21.5" vertical screen. The terminal has a front opening door, which facilitates the maintenance and locking of peripherals.

This kiosk is designed for stand-alone use, so people can place their order, top up their transport card, update their bank account or buy a metro ticket. In an easy and simple way by choosing the payment method.
