Dismountable and portable terminal with a ruggedized case

TAKE KIOSK

MULTIPLY THE IMPACT by helping to viralise events with a simple action, increase the "Like" and reach more people through social networks.

The ePortable Kiosk can be transported comfortably in a hard case and can be easily and quickly customised according to the event.

This detachable interactive information point incorporates a 19" vertical screen and a webcam to which an NFC reader can be added, promoting user interaction and making the event an experience.

The ePortable is divided in two, and can be used as a tabletop, wall-mounted or floor-standing display. The time required for assembly and disassembly is minimal, less than five minutes.
