

TPV IN Series

Digital self-payment and coin-handling under-counter POS terminal with screen

Indoor Kiosk

AUTOMATED PAYMENT, to reliably optimise cash or card payments.

The best option for customers to gain convenience and for the company to gain management time with total security. Without staff contact with cash or cards during the payment process, it avoids losses, imbalances, change errors, or the entry of counterfeit banknotes. Additionally, the operation of the eCash POS, which carries out the entire process until the corresponding ticket is issued, can be centralised and operated from any remote point.

It is designed to be built-in or fixed to a counter with the advantage of its versatility; should you wish to use it independently, a pedestal supplement can be integrated, facilitating ergonomic standing use.

Customisable in any RAL colour and/or with cut vinyl, digital imaging and stenciling to adapt it to the client's corporate image.

PRODUCT PROFILE

Manufacturer: Grupo EOS Ibérica
Origin: Manufactured and assembled in Spain
Estimated production time: 4 weeks

DESIGN STANDARDS

Protection Rating : > IK06
Sealing Rating : > IP44
Security Rating : > G02

MATERIALS - DIMENSIONS - WEIGHT

Material:
 > 1.5 / 3 mm carbon steel sheet
Interior flanges/fasteners:
 > Galvanised sheet
Dimensions:
 > 1085 x 337 x 335 mm
Structure weight:
 > 50 kg

STANDARD SPECIFICATIONS

Screens: 12.1" w 16:10
Format: Horizontal
Protection: 3+3 Anti-vandal Glass

OPENING AND MAINTENANCE DOORS

Opening: Front
No. of doors: 1
Security lock: 3-point lock

FINISH

Industrial epoxy powder coating

Structure colour	Front colour
Smooth textured black	Smooth RAL 9003/9007
	 

Customisation: (Optional)
 > Cut vinyl / Digital image

OPTIONAL COMPONENTS

Touch Screen:
 > 3mm IR or 6mm capacitive technology
Fanless Industrial PC:
 > Atom /Celeron/ i3/ i5/ i7
Operating System:
 > Android, Windows or Linux
