

USER IN Series

32" semi-outdoor totem with forced ventilation and rear opening

Indoor Kiosk

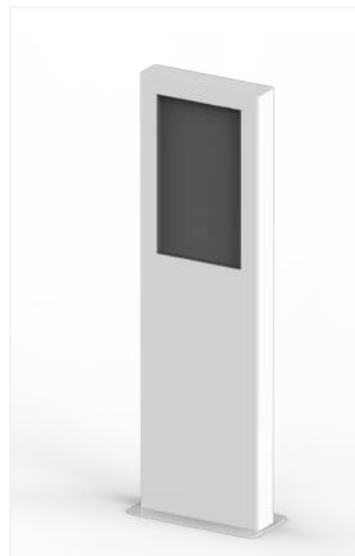

AESTHETICS AND FUNCTIONALITY IN ANY ENVIRONMENT. The design of the eTótem makes it a kiosk suitable both as an indoor PIM and as outdoor street furniture. Its slender shape makes it elegant and highly visible in any space.

It offers many configuration possibilities thanks to its wide variety of interactive display formats, both portrait and landscape, and its combination with static advertising on backlit panels, creating a powerful communication tool.

EOS Ibérica advises its customers on the optimal configuration to adapt the product to their needs when selecting elements such as display, industrial components or readers. In addition, the eTótem is available in any colour from the RAL range and can be adapted to the customer's brand image with vinyl or digital image.

(*)The sun must not shine directly on the screen

PROFILE PRODUCT

Manufacturer: Grupo EOS Ibérica
Origin: Manufactured and assembled in Spain
Estimated production time: 4 weeks

DESIGN STANDARDS

Protection Rating: > IK08
Sealing Rating: > IP65
Security Grade: > G02

MATERIALS - DIMENSIONS - WEIGHT

Material:
 1.5 / 5 mm carbon steel sheet
Internal brackets/fixings:
 Galvanized steel sheet
Dimensions:
 1956x585x137.5 mm
Structure weight:
 70 kg

STANDARD SPECIFICATIONS

Screens: Single Screen - 32" w 16:9
Format: Vertical
Protection: 3+3 Anti-vandal Glass

OPENING AND MAINTENANCE DOORS

Opening: Rear
Number of doors: 1
Security lock: 1 point

FINISH

Epoxy powder industrial paint

Structure color
 RAL Black/ 9003/9007 plain 
Customization: (Optional)
 Cut vinyl / Digital image

OPTIONAL COMPONENTS
