

USER IN Series

43", 49" or 55" totem-style directory with wheels for mobility

Indoor Kiosk

LARGE SIZE PANELS. This indoor totem allows the integration of 43", 49" and 55" screens vertically. The different formats of interactive screens together with the static advertising on backlit panels, make this kiosk a powerful communication tool.

The eDirectory is easy to transport as it can be fitted with 6 wheels. In addition to integrating different peripherals such as; DNIe reader, USB or webcam.

Available in any colour of the RAL range, it can be adapted to the corporate image of the client's brand with vinyl or digital image. EOS Ibérica advises its customers on the optimal configuration to adapt the product to their needs when selecting elements such as screen, industrial components or readers.
