

e900**INDOOR VERTICAL MULTIMEDIA TOTEM****USER IN Serie****43" iPhone-style Mupi with a rear door****Indoor Kiosk**

THE KEY IS OFTEN IN HOW THE MESSAGE IS DISPLAYED. The design of the e900, with its slightly sloping lines, makes this totem an ergonomic and innovative product.

It can integrate 43" or 49" screen. Furthermore, it allows for the incorporation of components such as ticket printers, webcams, speakers, or QR/Rfid readers. The e900 is an effective communication tool, as it combines interactive information with backlit panels in A1 format.

The e900 can be custom-configured. It also offers a large advertising space. It is available in any RAL colour, and can be customised with digital printing or cut vinyl to adapt to the client's corporate image.
