

ACCESSIBLE OUT SERIES

43" interactive MUPI with POS module and digital services

Outdoor Kiosk

Technological solution combining large format with accessibility. This totem features a **43" non-touch display** alongside a **17.3" touch screen** placed at an **accessible height for individuals with reduced mobility.**

Its front-opening design facilitates maintenance and allows for flush or wall-mounted installation.

This model can integrate a **POS module, ticket printer**, and features built-in **air conditioning**, ensuring reliable and continuous operation. Additionally, it is available in any colour from the RAL palette and can be customised with corporate vinyls, adapting to the visual identity of each client.
