

USER OUT - Series

43" Outdoor totem with optional air conditioning and front-opening door

Outdoor Kiosk

Large-format communication. The eFront totem, with its front-opening design, makes maintenance easy and convenient. It can also be installed flush or directly against a wall, optimising space and architectural integration.

This totem is designed to accommodate a **43" display**, providing a large-format visual communication solution ideal for corporate, commercial, or public environments. The model can be equipped with a **POS module, ticket printer**, and features an integrated **air-conditioning system**, ensuring reliable and continuous operation.

Available in any RAL colour and customisable with cut vinyl or digital graphics, the eFront terminal adapts to each client's corporate identity, combining design, functionality, and innovation.
