

USER IN Series

43" panoramic digital display with rear access

Indoor Kiosk

STABILITY IN LARGE FORMAT. Designed to support 43", 49" or 55" screens in a horizontal position, making it a highly ergonomic product.

This kiosk allows for multiple applications: advertising, promotions, business directories, map display, or restaurant menus. It offers high customisation and integration of various peripherals: ticket printer, fingerprint reader, electronic ID reader, barcode scanner, QR code scanner, and RFID reader.

This terminal features two rear maintenance doors. The size of its base provides excellent stability without the need for anchoring.
