

SELF OUT SERIES

Digital kiosk for heavy vehicles with front-side maintenance

Outdoor Kiosk

ACCESS AND SELF-PAYMENT WITHOUT QUEUES. Terminal specifically designed for lorries and tall vehicles. It allows users to carry out transactions and make payments independently without having to leave their vehicle.

Its structure can accommodate one or two 12.1" panel screens, making it ergonomic, or 17" screens. Allows the integration of a screen up to 21.5" in portrait format. It can also incorporate a webcam, ticket printer, card reader or electronic ID card reader, adapting to the needs of each project.

It is available in any colour from the RAL range and can be adapted to the customer's brand image using cut vinyl or digital images. The openwork front allows for easy installation with the possibility of LED backlighting.

(*)The sun must not shine directly on the screen.
