

SELF OUT SERIES

Outdoor digital kiosk for access and queue management

Outdoor Kiosk

Access control with self-service payment for pedestrians. Compact, unattended outdoor terminal.

It is the ideal technological solution for industrial and outdoor environments that require a robust and compact terminal for managing access and queues without occupying too much space.

Its structure can house a panel-mounted display of 10.1" in horizontal format and 12.1" in vertical format. It can also integrate a webcam, ticket printer, electronic ID reader (DNle), or payment systems, adapting to the needs of each project.

Customisation is available in any colour from the RAL range, with options for vinyl wrapping and even backlit cut-out designs.

PRODUCT PROFILE

Manufacturer: Grupo EOS Ibérica
Origin: Manufactured and assembled in Spain
Estimated production time: 4 weeks

STANDARDS DESIGN

Protection rating: > IK08
Ingress protection rating: > IP65
Security rating: > G02

MATERIALS – DIMENSIONS – WEIGHT

Material:
> Carbon steel sheet, 2 / 5 mm > Rec.: 316L stainless steel for saline environments or 304 stainless steel for continuous rain.
Internal brackets/fastenings:
> Galvanised sheet steel.
Dimensions and weight:
> 1504 x 398 x 209 mm > 38 kg

STANDARD SPECIFICATIONS

Screens: Single Screen - 10,1" /12,1"
Format: Horizontal / Vertical
Protection: 3+3 Anti-vandal Glass

ACCESS AND MAINTENANCE DOORS

Opening: Frontal
No. of doors: 1
Security Lock: 5 points

FINISH

Industrial Epoxy Powder Coating

Structure Color
> RAL of your choice, combination of up to 4 colors.
Zinc Primer (Optional)
> Zinc bath for enhanced outdoor protection.
Customisation (Optional)
> Cut vinyl / Digital imaging / Backlit laser-cut branding

OPTIONAL COMPONENTS

Touchscreen:
> 3 mm IR or 6 mm capacitive technology
Fanless industrial PC:
> Atom /Celeron/ i3/ i5/ i7
Operating system:
> Android, Windows or Linux
Multimedia:
> Speakers
> Webcam
External connections:
> RJ45/ IEC/ I/O switch / WiFi antenna
Electrical panel:
> Borna, circuit breaker and residual current device
> 5/12/24v power supplies
Uninterruptible Power Supply:
> 6-outlet UPS
Personalisation/Customisation:
> Cut vinyl/digital image
> Airbrushing or multicolour graffiti
> Industrial painting in various **RAL Colours**

OPTIONAL ADAPTATIONS

Disposición de pantalla:
> Horizontal or vertical (consult)
Ticketing:
> 60 mm or 80 mm printer
Readers:
> Barcode/QR code
> Electronic ID card
> Intercom
Payment system:
> All-in-one or 3 peripherals
Cooling system:
> Forced ventilation
Custom front panel with cut-out:
> With or without LED backlighting

PRODUCT VALUES

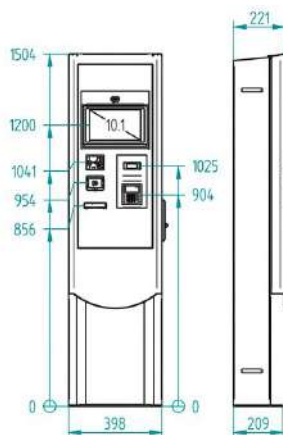

> Robust
> Weatherproof for outdoor use
> Anti-vandal protection
> Large space for customisation
> Speed
> Payment system integration
