

AUTOMATIC ACCESS CONTROL AND TOLL COLLECTION. Quality and efficiency in vehicle access or entry services with ePista.

It is designed to collect tolls at toll booths or car parks using various payment systems: cash, with coin and banknote change; card, or mobile/NFC, and issue the corresponding ticket 24 hours a day, without the need for company personnel intervention and allowing operation from any remote point.

Designed at a double height, it can serve any category of vehicle (cars, vans, lorries, etc.), allowing the user to interact comfortably with the terminal without leaving the vehicle.

Customisable in any RAL colour and/or with cut vinyl, digital image, and illumination to adapt it to the client's corporate image.

(*) The Sun cannot shine directly on the screen.

PROFILE PRODUCT

Manufacturer: Grupo EOS Ibérica
Origin: Manufactured and assembled in Spain
Production: 4 weeks

STANDARD SPECIFICATIONS

Screens: 2 x 12" 4:3
Format: Horizontal
Protection: 3+3 Anti-vandal Glass

OPTIONAL COMPONENTS

Fanless Industrial PC:
> Atom /Celeron/ i3/ i5/ i7
Operating System:
> Android, Windows or Linux
External Connections:
> WiFi Antenna
Electrical Panel:
> Terminal block, circuit breaker and differential switch
> Power supplies 5/12/24v
Cash Validator/Recycler:
> Smart Coin System (Innovative Technology).
> Smart Payout (Innovative Technology).
> Electronic Payment Module:
> Card reader, PinPad, Contactless.
> QR Reader, removable 80 mm Printer.
Fastening:
> Anchors for floor mounting
Support:
> 4 levelling feet

OPTIONAL ADAPTED

Luminosity:
> High-luminescence panels
Double Height:
> Superimposed unit to serve high-clearance vehicles
Standing Base (Peana Standing):
> Supplement for standing use or to adjust to the desired height
Cooling System:
> Forced ventilation
Lighting:
> Internal and/or external; for maintenance or under corporate illumination in different colours

STANDARDS DESIGN

Protection Rating: > IK08
Sealing Rating : > IP54
Security Grade : > G03

ACCESS AND MAINTENANCE DOORS

Opening: Rear
No. of doors: 2
Security Lock: 3 point

MATERIALS - DIMENSIONS - WEIGHT

Material:
> 1.5/3 mm steel sheet
Flanges/Inner fastenings:
> Galvanised sheet metal
Dimensions:
> 2347 x 675 x 400 mm
Structural weight:
> 90 kg

FINISH

Epoxy powder industrial paint
Structure colour
RAL: black / 9003/9007 plain 
Customisation: (Optional)
Cut vinyl / Digital image

VALUES PRODUCT

> Compact
> Anti-vandal protection
> Large space to customise the front with colours, vinyls, digital image, etc
